St Mary's PE and School Sport Funding 2024 – 2025

St Mary's biblical school vision:

John 15 vs 12: I am the vine and you are the branches. If you remain with me and I with you then you will bear much fruit. Love one another as I have loved you.

About the PE and Sports Premium

Physical activity has numerous benefits for children and young people's physical health, as well as their mental wellbeing (increasing self-esteem and emotional wellbeing and lowering anxiety and depression), and children who are physically active are happier, more resilient and more trusting of their peers. Ensuring that pupils have access to sufficient daily activity can also have wider benefits for pupils and schools, improving behaviour as well as enhancing academic achievement.

The School sport and activity action plan sets out the government's commitment to ensuring that children and young people have access to at least 60 minutes of sport and physical activity per day. It recommends 30 minutes of this is delivered during the school day (in line with the Chief Medical Officer's guidelines - which recommend an average of at least 60 minutes per day across the week).

The PE and sport premium can help primary schools to achieve this commitment, providing primary schools with £320 million of government funding to make additional and sustainable improvements to the quality of the PE, physical activity and sport offered through their core budgets. It is allocated directly to schools, so they have the flexibility to use it in the way that works best for their pupils.

How to use the PE and Sport Premium

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, physical activity and sport they provide. This includes any carried forward funding.

This means you must use the PE and sport premium to:

- Develop or add to the PE, physical activity and sport that your school provides
- Build capacity and capability within the school to ensure that improvements made now are sustainable and will benefit pupils joining the school in future years

You should use the PE and sport premium to secure improvements in the following 5 key indicators.

Engagement of all pupils in regular physical activity, for example by:

- Providing targeted activities or support to involve and encourage the least active children
- Encouraging active play during break times and lunchtimes
- Establishing, extending or funding attendance of sports clubs and activities and holiday clubs, or broadening the variety offered
- Adopting an active mile initiative
- Raising attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage
 2 every child should leave primary school able to swim

Accountability and School Compliance

Headteachers and school leaders are accountable for how they use the PE and sport premium funding allocated to them. They must spend the grant for the purpose it was provided – to make additional and sustainable improvements to the PE, sport and physical activity offered. They are held accountable for the decisions they make and must publish details of how they spend the PE and Sports Premium online

Online reporting must clearly show:

- The amount of PE and Sports Premium received
- A full breakdown of how it has been spent

- The impact the school has seen on pupils' PE, physical activity and sport participation and attainment
- How the improvements will be sustainable in the future

Also, the school is required to publish the percentage of pupils within the year 6 cohort who met the national curriculum requirements in swimming

Funding at St Mary's

At St Mary's Primary School, we believe that sport plays a crucial role contributing to the health and mental well-being of our children. We also believe that sporting excellence and participation go hand in hand with academic standards. We have used the Sport Funding to strengthen and improve our provision in the following ways:

- To employ a Sports Coach to teach PE and devise clubs that progressively develop our children
- To support and engage the least active children through new/additional sports and health clubs.
- To attend sport competitions and increase pupils' participation in school games.
- To buy quality assured professional development modules /materials for PE and sport.
- To provide places for pupils in after school and lunchtime sports clubs.
- To provide quality sportswear for all the pupils participating in competitive sports.
- To offer opportunities for pupils to try a range of different sports helping to promote a lifelong enjoyment of sport.

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Rey defile verificates to date.	Areas for further improvement and baseline evidence of freed.
 Each child receives a minimum of 2 hours of PE each week, incorporating both indoor and outdoor activities. Effective utilisation of sports coaches in both PE lessons and extracurricular activities. Ongoing professional development for staff in specialist PE, supported by our PE specialist, ensuring all lessons are of high quality. Diverse range of clubs available for pupils, scheduled before, during lunchtimes, and after school. Increased early enrollment of pupils in swimming lessons. Opportunity provided for each child to explore a variety of unconventional sports activities. 	 Create opportunities within the school and the Trust for pupils to participate in a variety of competitive sports. Ensure active involvement of our pupils in borough-wide sports competitions, offering them the chance to represent their school. Enhance the confidence and proficiency of our pupils in swimming, focusing on increasing the number of strokes they can perform. Integrate our vision into PE to make it an integral part of daily practice, emphasising the importance of maintaining good health. Expand opportunities for pupils to engage with specialists in less familiar sports activities, fostering interest and boosting overall participation.
Successful implementation of the 'Walk a Mile' challenge, linked to the	Foster improved pupil attitudes towards PE and continuously monitor

To continue promoting the benefits of physical activity to all our pupils, we encourage every child to lead a healthy, active lifestyle by ensuring we provide a variety of different sports that appeal to all pupils.	Professional sports coaches will share their expertise in delivering after-school sports clubs encompassing a variety of sports and disciplines. These clubs aim to offer students new sports experiences, fostering opportunities for growth and development. We aim to provide opportunities for all pupils to participate in sports clubs throughout the academic year, offering places across all year groups. These clubs will feature a variety of individual and team sports across different disciplines, focusing on enhancing skills, techniques, fitness levels, and overall pupil interest.	£10,250
